

- **ReBeta (60 Tab)**

Controls sugar levels

Contents :

1. *Gymnema sylvestre* extract (Meshashringi) - 500 mg
- Standardized to 25% - Gymnemic acids
2. *Piper nigrum* extract (Kali Mirch) - 10 mg
- Standardized to 20% - Piperine

Indications :

- Reduces HbA1c
- Triggers insulin secretion & release
- Decreases insulin resistance
- Decreases sugar cravings
- Reduces fatigue & frequent urination

M. R. P. - 60 RS/ STRIP

- **ReBeta Plus (60 Tab)**

Controls sugar levels & multiple complications

Contents :

1. *Momordica charantia* extract (Karela) - 150 mg
- Standardized to 8% - Bitters
2. *Gymnema sylvestre* extract (Meshashringi) - 150 mg
- Standardized to 25% - Gymnemic acids
3. *Curcuma longa* extract (Haldi) - 100 mg
- Standardized to 20% - Curcuminoids
4. *Emblica officinalis* extract (Amla) - 100 mg
- Standardized to 30% - Tannins
5. *Cinnamomum zeylanicum* extract (Dalchini) - 50 mg
- Standardized to 10% - Polyphenols

Indications :

- Decreases hepatic glucose production
- Inhibits α -Carboxidase & helps for post prandial control
- Contains vegetable insulin (v-insulin)
- Increases glucose uptake in the cells
- Promoting Ppar ligand-binding activity
- Act as anti-oxidant & bio-availability enhancer

M. R. P. - 65 RS/ STRIP

- **ReThin (60 Tab)**

For obesity management

Contents :

1. *Coleus forskohlii* extract (Makandi) - 50 mg
- Standardized to 10% - Forskolin
2. *Garcinia cambogia* extract (Malabar Tamarind) - 425 mg
- Standardized to 40% - Hydroxy Citric Acid
3. *Cyperus rotundus* extract (Nagarmotha) - 100 mg
- Standardized to 0.5% - Alkaloids
4. *Piper nigrum* extract (Kali Mirch) - 10 mg
- Standardized to 20% - Piperine

Indications :

- Increases utilization of body fat
- Increases basal metabolic rate
- Regulates thermogenic response to food digestion
- Potential appetite suppressant

M. R. P. - 70 RS/ STRIP

- **Bendeez (60 Tab)**

Ensuring flexibility without pain

Contents :

1. *Boswellia serrata* extract (Sallaki) - 300 mg
- Standardized to 60% - Boswellic Acids
2. *Curcuma longa* extract (Haldi) - 100 mg
- Standardized to 20% - Curcuminoids
3. *Zingiber officinale* extract (Shunthi) - 50 mg
- Standardized to 5% - Gingerol
4. *Moringa oleifera* extract (Shigru) - 100 mg
- Standardized to 2% - Alkaloids

Indications :

- Nourishes tissues & joints, preventing further damage
- Rich source of vitamin, minerals & amino acids
- Delays the degradation of hyaluronic acid, hence provide lubrication in joints
- Immediate relief in knee pain, cervical spondylosis & low back pain

M. R. P. - 70 RS/ STRIP

- **Bendeez Gel - 30 gm**

Aromatherapy relieving joint pain

Contents :

- | | |
|--------------------|-----------------|
| 1. Wintergreen Oil | 2. Deodara Oil |
| 3. Boswellia Oil | 4. Nilgiri Oil |
| 5. Camphor Oil | 6. Capsicum Oil |
| 7. Menthol Oil | |

Indications :

- Aromatherapy relieving joint pain
- Natural analgesic
- Increases blood flow to the inflamed area

M. R. P. - 75 RS/ STRIP

● ReMotile (60 Tab)

M. R. P. - 65 RS/ STRIP

Promotes vigor & vitality

Contents :

1. *Chlorophytum arundinaceum* extract (Safed Musli) - 150 mg
- Standardized to 20% - Saponins
2. *Tribulus terrestris* extract (Gokhru) - 150 mg
- Standardized to 20% - Saponins
3. *Mucuna pruriens* (Kauch Beej) - 100 mg
- Standardized to 15% - L-Dopa
4. *Withania somnifera* extract (Ashwagandha) - 100 mg
- Standardized to 0.3% - Withaferin-A
5. Yashad Bhasma - 50 mg
- Standardized to 25% - Elemental Zinc

Indications :

- Improves quality, quantity & motility of sperm
- Natural testosterone booster
- Improves penile erection
- Promotes vigor & vitality
- Maintains proper hormonal balance

● Eez-30 (30 Tab)

M. R. P. - 60 RS/ STRIP

Controls premenstrual symptoms

Contents :

1. *Vitex agnus castus* extract (Nirgundi) - 100 mg
- Standardized to 6% - Agnosides
2. *Zingiber officinale* extract (Shunthi) - 50 mg
- Standardized to 5% - Gingerol
3. *Trigonella foenum-graecum* extract (Methi) - 100 mg
- Standardized to 20% - Saponins
4. *Trachyspermum ammi* extract (Ajwain) - 10 mg
5. Hira Kasis Bhasma - 50 mg
- Standardized to 30% - Elemental Iron

Indications :

- Natural hormone regulator
- Immediate reduction in pain of dysmenorrhea
- Improves immunity & work performance
- Improves menstrual regularity
- Lowers prolactin levels in hyperprolactinaemia

● Menobrite (60 Tab)

M. R. P. - 60 RS/ STRIP

Controls menopausal problems

Contents :

1. *Saraca asoca* extract (Ashoka) - 125 mg
- Standardized to 0.5% - Polyphenols as Gallic Acid
2. *Trigonella foenum-graecum* extract (Methi) - 125 mg
- Standardized to 20% - Saponins
3. *Asparagus racemosus* extract (Shatavari) - 75 mg
- Standardized to 20% - Saponins
4. *Terminalia arjuna* extract (Arjuna) - 75 mg
- Standardized to 15% - Polyphenols as Gallic Acid
5. *Valeriana wallichii* extract (Tagar) - 25 mg
- Standardized to 10% - Valpotriates
6. *Cinnamomum zeylanicum* extract (Cinnamon) - 25 mg
- Standardized to 10% - Polyphenolics
7. Shukti Bhasma - 100 mg
- Standardized to 30% - Elemental Calcium

Indications :

- Maintains uterine health
- Act as natural hormone replacement therapy
- Moistens dry tissue & organs
- Natural sedative & anti-depressant
- Calcium enriched source hence prevents osteoporosis
- Anti-oxidant & anti-inflammatory

● Axel Pro (200 gm)

M. R. P. - 240 RS/ TIN

Protein Supplement (Chocolate Flavour & Strawberry Flavour)

Contents :

1. *Withania somnifera* extract (Ashwagandha) - 50 mg / dose
- Standardized to 2.5 % - Withanolides
2. *Mucuna pruriens* extract (Kauch Beej) - 50 mg / dose
- Standardized to 15 % - L-Dopa

Indications :

- Diabetic & Cancer patients
- Gestational diabetes
- Post surgical recovery
- Supports neurological system
- Covalescence & fatigue

Re β eta™ - Plus

Repairing
Diabetes™

Re β eta - Plus is a Phyto-Pharmaceutical formulation containing marker molecule specified standardized extracts. The formulation has been particularly designed to reduce the Hyperglycemic induced inflammatory responses like Neuropathy, Retinopathy as well as the Oxidative Stress due to Diabetes. It also delays the onset of Endothelial Dysfunction.

Key points on contents :

***Momordica charantia* extract - 150 mg**

(Standardized to 8% - Bitters)

- ❖ Contains Insulin like substance called Vegetable Insulin (V-Insulin)
- ❖ Reduces LDL, VLDL
- ❖ Increases Glucose uptake into the cells

Karela

**Gymnema sylvestre extract - 150 mg
(Standardized to 25 % - Gymnemic acids)**

- ❖ Increase Insulin Sensitivity
- ❖ Modulation of the Incretin which triggers insulin secretion & release
- ❖ Significant Reduction in Microalbumin Urea
- ❖ Modify the action of Resistin
- ❖ Decrease Sugar Cravings by binding on Receptors of Taste buds

Meshashringi

**Curcuma longa extract - 100 mg
(Standardized to 20% - Curcuminoids)**

- ❖ Decreases Hepatic glucose production
- ❖ Suppression of Hyperglycemic-induced inflammatory responses
- ❖ Stimulation of glucose uptake by up-regulation of GLUT4, GLUT2 & GLUT3
- ❖ Promoting PPAR ligand - binding activity .
- ❖ (ORAC VALUE - 1,27,068 µmol TE/ 100 gm)

Haldi

**Emblica officinalis extract - 100 mg
(Standardized to 30% - Tannins)**

- ❖ Inhibits α-Carboxidase & helps for post prandial control
- ❖ Anti-Oxidant & Free Radical Scavanging activity
- ❖ (ORAC VALUE - 3,58,600 µmol TE/ 100 gm)

Amla

**Cinnamomum zeylanicum extract - 50 mg
(Standardized to 10% - Polyphenols)**

- ❖ It also helps in controlling sugar levels, LDL, Triglycerides & HbA1C .levels
- ❖ It also acts as Bio-Availability Enhancer
- ❖ (ORAC VALUE - 1,31,420 µmol TE/ 100 gm)

**Dosage : 1 Tablet twice before 30 minutes of meals
Or as directed by physician**

Cholecon - PlusTM

Cholecon - Plus : Is a unique & rare combination of standardized oils & extracts which not only helps in reducing Bad Cholesterol (LDL, VLDL) but also enhances Good Cholesterol (HDL). Its long term use controls lipid levels in the body & also partially helps in regulating sugar metabolism & reducing hypertension

Key points on contents :

***Linum usitatissimum* oil - 600 mg**

- ❖ Richest sources of Omega-3-Fatty acids
- ❖ It helps in Increasing HDL levels & decreases LDL, triglycerides levels

Flaxseed

***Commiphora mukul* extract - 100 mg (Standardized to 2% - Gugulsterones)**

- ❖ Shows very good Hypolipidemic activity

Guggul

***Trigonella foenum-graecum* oil - 10 mg**

- ❖ Partially helps in improving lipid & sugar metabolism

Methi

***Cinnamomum zeylanicum* oil -5 mg**

- ❖ Helps in reducing oxidative stress & also improves cholesterol levels

Dalchini

***Allium sativum* oil-5 mg**

- ❖ Regulates lipid levels & partially controls blood pressure

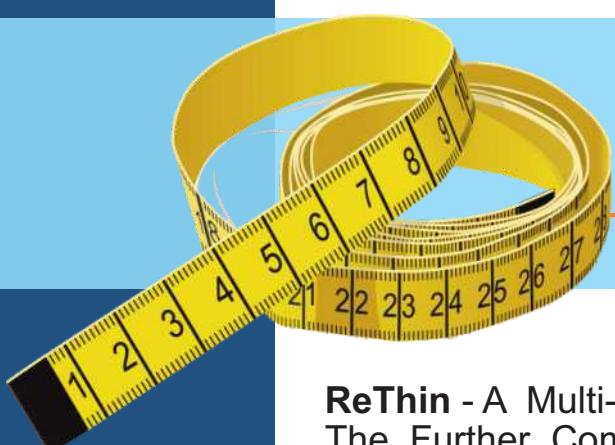

Garlic

9. Cinnamon may have therapeutic benefits on lipid profile, liver enzymes, insulin resistance, and high-sensitivity C-reactive protein in non alcoholic fatty liver disease patients, Faezeh Askari, et al.

**Dosage : 1 capsule twice after meals
Or as directed by physician**

ReThin™

"Round the clock action on obesity"

ReThin - A Multi-Action Therapy For Obesity & Mitigating All The Further Complications Associated With Obesity, With A Formulation of Active Marker Molecule Standardized Herbal Extracts

Key points on contents :

***Coleus forskohlii* extract - 50 mg (Standardized to 10% - Forskolin)**

- ❖ Increases Utilization of the body fat
- ❖ Increases Basal Metabolic Rate
- ❖ Regulates Body's Thermogenic response to food digestion
- ❖ Increases lean tissue mass
- ❖ Enhances Lipolysis leading to Fat Loss without Muscle Mass Loss

Makandi

***Garcinia cambogia* extract - 425 mg (Standardized to 40 % - Hydroxycitric Acid)**

- ❖ Reduces Cholesterol & Fatty Acid Synthesis
- ❖ Reduces Fatty Acid formation in Liver
- ❖ Acts as a Potential Appetite Suppressant

Malabar Tamarind

***Cyperus rotundus* extract - 100 mg (Standardized to 0.5% - Alkaloids)**

- ❖ Regulates digestive functions
- ❖ Prevents weight gain after discontinuation of therapy
- ❖ Helps in weight management for post bariatric patients

Nagarmotha

Piper nigrum extract - 10 mg (Standardized to 20 % - Piperine)

- ❖ ‘Piperine’ has proven to be potent Bioavailability Enhancer for many drugs.
- ❖ ‘Piperine’ inhibits cell pump responsible for Drug Elimination from cells
- ❖ Delays the First Pass Elimination of Drugs
- ❖ Increase transport of drugs across cell membranes

Or as directed by physician**

BendeezTM

"Bend With Ease"

Bendeez is a Phyto-Pharmaceutical formulation of marker molecule standardized herbal extracts which gives all round Anti-Inflammatory effect in Rheumatoid Arthritis, Osteo-arthritis & Gouty Arthritis.

Key points on contents :

1. *Boswellia serrata* extract - 300 mg

(Standardized to Boswellic Acids -60%)

- ❖ Inhibits inflammatory enzymes like 5-Lipoxygenase
- ❖ Inhibits TNF α (Tumor Necrosis Factor) & Interleukin - 1

Sallaki

2. *Curcuma longa* extract - 100 mg

(Standardized to Curcuminoids -20 %)

- ❖ Free radical scavenging activity by inhibiting enzyme hyaluronidase (To slow the degradation of Hyaluronic acid in Synovial fluid)
- ❖ Suppression of NFkB to repair tissue

Haldi

3. *Zingiber officinale* extract - 50 mg

(Standardized to Gingerol -5%)

- ❖ Inhibitor of Prostaglandins & Leukotrienes
- ❖ Phospholipid Peroxidation Inhibitory Action due to Gingerol

Shunthi

4. *Moringa oleifera* extract - 100 mg

(Standardized to Alkaloids -2%)

- ❖ Slows the Oxidative stress due to its Anti-oxidant activity
- ❖ Rich in Vitamins, Mineral & Amino Acids

Shigru

Actions of Bendeez Tablet :

- ❖ A good pain killer in long run
- ❖ As co-therapy in chronic conditions where NSAIDs or cortico-steroids are being used, to prevent liver & tissue damage
- ❖ For regular use in persisting Osteo-arthritis leading to age related loss of muscle mass & atrophy causing difficulty in walking
- ❖ In patients of Sciatica, to bring down agony of continuous pain
- ❖ In cases of cervical Spondylitis & Lower back pain
- ❖ As an Anti-Oxidant, prevents further damage to cartilages & peripheral tissues.

Or as directed by physician.**

ReMotile™

Repairing Male Infertility

ReMotile - It is a Phyto-Pharmaceutical formulation containing marker molecule standardized herbal extracts which helps in regaining the energy to perform better & also helps in improving over all quality of semen.

Key points on contents:

1. ***Chlorophytum arundinaceum* extract - 150 mg
(Standardized to 20% - Saponins)**

- Improves Quality & Quantity of Sperm
- Improves Sperm Motility

Safed Musli

2. ***Tribulus terrestris* extract - 150 mg
(Standardized to 20%-Saponins)**

- Natural Testosterone Booster
- Helps to improve Penile Erection

Gokhru

3. *Mucuna pruriens* extract - 100 mg

(Standardized to 15%-L-Dopa)

- Increases levels of LH & Testosterone
- Decreases levels of Prolactin Hormone
- Increases levels of Dopamine, Adrenaline & Nor-adrenaline in Seminal Plasma & Blood Plasma

Kaunch Beej

4. *Withania somnifera* extract - 100 mg

(Standardized to 0.3%-Withafevin -A)

- Used for General Debility, Brain Fatigue & Nervous Exhaustion
- Promotes Vigor & Vitality

Ashwagandha

5. *Yashad bhasma* - 50 mg

(Standardized to 25% - Elemental Zinc)

- Zinc is a micronutrient very important for body's function, it works with 300 different enzymes and helps in maintaining proper Hormonal balance.

4. Clinical Evaluation of the Spermatogenic Activity of the Root Extract of Ashwagandha (*Withania somnifera*) in Oligospermic Males: A Pilot Study. Vijay R. Ambiye, et al.

**Dosage : 1 tablet twice after meals
Or as directed by physician**

Menobrite™

"Pause Problems"

Menobrite - is a Phyto-Pharmaceutical herbal formulation with marker molecule standardized herbal extracts, which is a complete solution for Menopausal Problems like...

- ❖ Cystitis
- ❖ Urinary Incontinence
- ❖ Depression
- ❖ Dyspareunia
- ❖ Hot Flashes
- ❖ Insomnia
- ❖ Palpitation
- ❖ Nausea
- ❖ Arthralgia
- ❖ Myalgia

Key points on contents:

1. *Saraca asoca* extract - 125 mg

(Standardized to 0.5%-Polyphenols as gallic acid)

- Anti-inflammatory
- Anti-oxidant
- Maintains Uterine Health

2. *Trigonella foenum-graecum* extract - 125 mg

(Standardized to 20%-Saponins)

- Controls sugar levels
- Act as natural hormone replacement therapy

Ashoka

Methi

3. *Asparagus racemosus* extract - 75 mg

(Standardized to 20%-Saponins)

- Moistens dry tissues or organs
- Increases libido
- Treats hot flushes
- Natural hormone regulator
- Prevents uterine bleeding

Shatavari

4. *Terminalia arjuna* extract - 75 mg

(Standardized to 15%-Polyphenols as gallic acid)

- Decreases blood pressure & helps in palpitation (as it is β -blocker)
- Decreases cholesterol

Arjuna

5. *Valeriana wallichii* extract - 25 mg

(Standardized to 10%-Valpotriates)

- Natural Sedative & Anti-depressant

Tagar

6. *Cinnamomum zeylanicum* extract - 25 mg

(Standardized to 10% - Polyphenolics)

- Protects the skin changes due to Menopause
- Acts as Bio-Availability Enhancer

Dalchini

7. Shukti bhasma - 100 mg

(Standardized to 30% - Calcium)

- Calcium enriched source hence used to prevent Osteoporosis

Dosage : 1 tablet twice after meals

Or as directed by physician
